

VALKYR ADVENTURES

*Backcountry lodge * Ski Touring * Alpine Hiking*

The LQ OUTPOST - is situated on the north flank of Lequereux Mountain at an elevation of 2,200 m. The cabin is a 24' x 24' two story log structure with the living quarters on the second floor. The "basement" is not developed at this time and so the living and sleeping quarters are all located on the second story with the kitchen/dining area partitioned off from the sleeping area. In order to accommodate singles and couples, there are 4 bunk units with 2 units having twin mattresses and 2 units having double mattresses. The beds will have privacy screens.

There are several large picture windows so you can take advantage of the incredible views to be had of the Valkyr and Valhalla mountain ranges, as well the North Monashee Range and Rogers Pass in the distance.

The cabin is heated by a wood stove with a propane cook stove and fridge in the kitchen. The kitchen has a double dish sink plus a 3rd sink for auxiliary use; both drain into a grey water pit. There's no running water in the building so water can be obtained from a nearby lake or from melting snow.

There will be a sauna hut for the requisite heat therapy!

The LQ Outpost is a rental cabin that is entirely user maintained. Ski groups will be responsible for all operations while at the cabin and for leaving the cabin in a pristine condition. The rate is \$8,000 + GST per week and is based on a capacity of 8. This includes helicopter exchange on Sunday. Unlinked helicopter exchange rates can be provided on request. A damage deposit may be required.

What we provide:

- All fuel for the lodge: firewood, propane, gasoline
